Small group video conferencing deserves more than huddling around PC webcams or begging for time on overbooked conference room systems. The ConferenceCam BCC950 combines high quality HD videos and crystal clear audio in a simple, amazingly affordable package, so small groups can run their own video conferences anywhere in the office.

What makes the ConferenceCam Unique?
- First ever all-in-one video and audio conferencing device designed with small groups in mind
- Professional HD video lets small groups be seen
- Crystal clear audio lets small groups be heard
- Remote control and on-unit buttons help control the call from anywhere in the room

FEATURE SPOTLIGHT

All-in-one design combines HD video with high-quality audio clarity
Business-grade video conferencing.

The built-in, full duplex speakerphone and noise-cancelling microphone
Allows all meeting members to hear and be heard clearly up to 8 feet away from the base.

Omni-directional mic pickup and echo cancellation audio
Makes it seem like conversations are happening in the same room.

Remote control and base button control options
Quickly control camera pan, tilt and zoom and volume up/down, mute and answer/hang-up functions during call.

1080p HD up to 30 fps
Business-quality video.

Broad application compatibility
Optimized for Microsoft® Lync™, Certified Skype for Business and Skype™ and works with most other popular video conferencing platforms.

Plug-and-play compatibility for both PC and Mac® with onboard H.264 encoding
Helps ensure plug-and-play functionality across many video conferencing platforms.

High-quality webcam sensor and Logitech RightLight™ 2 technology
Improves visual quality in low light and backlit situations.

Autofocus and ZEISS® lens certified
Allow detailed documents or visuals to be shared close up during calls.

A 78-degree field of view and 180-degree video pan
Makes the ConferenceCam ideal for small group meetings.

Camera height extender
Places camera focal point at eye-level for the most flattering video angles.
