PRODUCTIVITY MEETS COMFORT AND STYLE.

Logitech USB Headset H650e

Sophisticated in both appearance and technology, the Logitech® H650e Headset delivers functionality and style. This is a professional headset with digital signal processing, acoustic echo cancellation, wideband audio, dynamic equalizer, and noise-cancelling mic. It’s all intended to make your calls as productive and comfortable as possible.

Attention to detail is what distinguishes the Logitech H650e Headset. It’s perfect for people who care about design touches like intuitive in-line controls for adjusting volume and a bright LED light that lets others know you’re on a call.

Enjoy USB plug-and-play connectivity using a flat, no-tangle cable. Plus, advanced business certifications and enhanced integration with Logitech Collaboration Program (LCP) members’ ensure a seamless meeting experience with any video conferencing application — including the ones you already use.
Logitech USB Headset H650e

FEATURE SPOTLIGHT

In-call LED indicator light
Located on the backside of the boom, this red light provides a visual alert to those behind you that you are on a call, preventing accidental disturbances during calls.

Flexible microphone boom
Rotate the boom up or down and bend it left or right to move it closer to your mouth, enabling optimal placement for voice pickup.

Quick-access inline controller
Control the call with answer/end, volume up/down and mute buttons. The volume-up button is a point of reference for your fingers and allowing you to control the call without looking away from your work.

Optimized for Microsoft® Lync™; Cisco® compatible²; Compatible with most leading video conferencing platforms
Ensures enterprise-quality audio and an integrated experience with most all business-grade video conferencing platforms.
