

ENHANCE COLLABORATION

Logitech Video Collaboration Group Portfolio

Logitech®, a world leader in products that connect people to the digital experiences they care about, has partnered with Cisco® to offer a range of brilliantly designed Cisco-compatible ConferenceCam, webcam, and audio solutions that work with Cisco Jabber®, WebEx® and IP Phones¹.

Logitech webcams enhance desktop collaboration with high quality HD video,

while USB headsets and the P710e mobile speakerphone delivers sound that's crisp, clear and heard by everyone in the meeting. Plus, the Logitech ConferenceCam lineup provides both razor sharp video and crystal clear audio that is so amazingly affordable — any meeting place can now be a video collaboration space.

USB plug-and-play connectivity makes Logitech Collaboration tools a breeze to deploy

and use within your own familiar computing environment with any video conferencing software application — including the ones you already use. Simply connect a laptop and start a meeting.

From personal work spaces to large-size conference rooms, Logitech enhances Cisco collaboration with intuitively designed tools that adapt to the way people work.

Logitech Video Collaboration Portfolio
