

# ENHANCE COLLABORATION

## Logitech Video Collaboration Portfolio

Logitech® has collaborated with Microsoft® to offer a range of brilliantly designed collaboration tools that are certified for Skype® for Business¹. With Logitech and Microsoft, video meetings are both productive and affordable.

Logitech SmartDock was designed and created in collaboration with Microsoft as the first AV Control Console for Skype Room Systems. With SmartDock, IT admins can confidently and

affordably deploy a video conferencing solution in every meeting room and provide meeting organizers with the familiar Skype for Business interface they already know and love.

In addition, Logitech offers a portfolio of Skype-certified products for meeting spaces and desktop collaboration. The Logitech ConferenceCam lineup includes options for everything from huddle rooms to large

conference spaces. Working at your desk? Logitech webcams and headsets are designed for individuals who join meetings remotely, including on the road or in a home office.

By certifying Logitech products for Cortana® and Windows® Hello™, we've also made them more secure and easier to use, enhancing productivity and collaboration with intuitively designed tools that adapt to the way you work. Employees can get to work quickly with products IT trusts.

# Logitech Video Collaboration Portfolio

## ROOM SOLUTIONS

### SMARTDOCK AV Control Console

#### DESCRIPTION

Extend Skype for Business to every meeting space with Logitech SmartDock, a revolutionary AV console that enables one-touch join, desktop sharing, and streamlined video collaboration.

SmartDock  
Part #: 960-001110

Extender Box  
Part #: 960-001095

SmartDock + Extender Box  
Part #: 960-001114

For bundle options, please contact your channel reseller.

#### KEY FEATURES

**Compatibility:** SmartDock works with a wide range of meeting room AV devices including Logitech ConferenceCams

**Connectivity:** Supports a wide variety of deployments and device connectivity with dual 1080p display ports<sup>7</sup>, an HDMI input for 1080p60 content sharing, three USB 3.1 type A ports, Gigabit Ethernet, and a headset mini-plug

**Additional Features:** Pivoting, cast-metal support platform, IR motion sensor, plug-and-play camera setup

- A Logitech ConferenceCam (recommended) or other Skype certified AV devices
- 100-240v AC

**Cable Length:** HDMI: 3 m/9.8' Network: 3 m/9.8' Power: 3 m/9.8'  
Extender Box: 5 m/16.4'

## CONFERENCECAMS FOR GROUP VIDEO CONFERENCES

### LOGITECH GROUP

#### DESCRIPTION

Optimized for large and mid-sized groups of up to 20 people, Logitech GROUP delivers crystal clear audio and razor sharp video with plug-and-play simplicity and amazing affordability.

Logitech GROUP  
Part #: 960-001054

Expansion Mics  
Part #: 989-000171

GROUP10m Extended Cable  
Part #: 939-001487

GROUP15m Extended Cable  
Part #: 939-001490

#### KEY FEATURES

**Compatibility:** Compatible with Mac®, PC and all leading video conference platforms. Certified for Skype for Business, and enhanced integration with Logitech Collaboration Program members<sup>2</sup>

**Resolution:** Full HD 1080p @ 30 fps<sup>3</sup>

**Camera:** 90° diagonal FOV, 260° pan/130° tilt, 10x lossless zoom

**Speakerphone:** Full-duplex speakerphone delivers lifelike sound that's crisp, rich, and highly intelligible. Four omni-directional mics support 6m/20' diameter range, extendable to 8.5m/28' with optional expansion mics

**Controls:** Dockable remote control and on-device touch controls for pan, tilt, zoom, call answer/hang up<sup>5</sup>, volume up/down, mute, Bluetooth® pairing, far-end control<sup>3</sup> and 5 camera presets plus an LCD display

**Connectivity:** USB plug-and-play, Bluetooth wireless technology and Near Field Communication (NFC) technology, optional GROUP extended DIN cables lengthen the distance between the hub and the camera/speakerphone enabling custom, super-clean conference room installations<sup>4</sup>

### LOGITECH MEETUP

MeetUp is Logitech's premier ConferenceCam designed for huddle rooms, with a room capturing 120° FOV, 4K optics and exceptional audio performance.

Logitech MeetUp  
Part #: 960-001101

Optional Expansion Mic:  
Part #: 989-000405

Optional TV Mount:  
Part #: 939-001498

**Compatibility:** Compatible with Mac, PC and all leading video conference platforms. Certified for Skype for Business, and enhanced integration with Logitech Collaboration Program members<sup>2</sup>

**Resolution:** 4K Ultra HD, 1080p Full HD, or 720p HD video calling at 30fps with supported clients<sup>2</sup>

**Camera:** 120° FOV, motorized pan/tilt

**Speakerphone:** Three broadside beamforming, omnidirectional microphones with noise and echo cancellation—plus a custom-tuned speaker—are specifically optimized for small conference rooms. Mics are Microsoft Cortana® certified for precision with voice commands with any Windows 10 system

**Controls:** RF remote control makes it easy to operate camera pan/tilt/zoom, volume up/down, and mute functions during your meeting.

**Connectivity:** USB plug-and-play, Bluetooth wireless technology

### CONFERENCECAM CONNECT

Portable all-in-one design delivers affordable enterprise-quality video conferencing to virtually any workspace. Brilliantly designed, easy to transport, and easy to set up.

Part #: 960-001035

**Compatibility:** Compatible with Mac, PC and all leading video conference platforms. Certified for Skype for Business, and enhanced integration with Logitech Collaboration Program members<sup>2</sup>

**Resolution:** Full HD 1080p @ 30 fps<sup>3</sup>

**Camera:** 90° diagonal FOV, digital pan/tilt and mechanical tilt wheel

**Speakerphone:** Full-duplex speakerphone with acoustic echo cancellation and noise reduction technology. Two omni-directional microphones support 3.7m/12' diameter range

**Controls:** 10' range dockable remote control for camera/speakerphone functions

**Connectivity:** USB plug-and-play, Bluetooth wireless technology and Near Field Communication (NFC) technology
