For natural sight and sound, Logitech® B910 HD Webcam offers superior quality at a good price. Easy set up and silent installation make B910 HD Webcam a great choice for professionals. Enjoy razor sharp video and clear sound in your video meetings. The B910 HD Webcam offers a wide 78-degree field of view allowing you to include more detail and fit more people comfortably in front of the camera. The ZEISS® glass lens, Logitech RightLight™ 2 Technology, and autofocus capture detail in any lighting. Plus, its dual stereo microphones make conversations easy to hear.

With advanced business certifications and enhanced integration with Logitech Collaboration Program (LCP) members, users can expect a seamless integrated meeting experience with any video conferencing application — including the ones you already use. Just plug it in, and you’re ready to collaborate.
